

Bid Form

The Kaycliff Foundation

Outdoor Education and Recreation Expansion Project

Bidder's Name: _____

Address: _____

Phone Number: (_____) -- _____

___ I hope to bring my talents to this ENTIRE project, and that's what I'm proposing

___ I hope to bring my talents to this project for THESE SPECIFIC parts of this project and that's what my bid reflects.

___ Walking Trail ___ Bridge ___ Outbuildings

___ Driveway Resurfacing

After reviewing all bid documents thoroughly and examining the site, I propose to provide all labor, materials, and services relating to my completion of the above proposed work for:

\$ _____.

TOTAL: _____

_____ dollars and _____ cents

This value reflects all applicable taxes, permits, bonds, and fees required by the State of Tennessee and by local jurisdictions for the completion of this project.

On the following pages, please provide an itemization of the work you propose.

Bidder Name: _____

Bid Form

The Kaycliff Foundation

Outdoor Education and Recreation Expansion Project -- Item 1: Walking Trail

I propose to build this walking trail as outlined in the bid documents for a subtotal of

\$_____.

My materials cost that goes into that subtotal is:\$_____.

I propose using the following materials (please outline any materials such as rock and gravel below, and provide unit pricing):

That subtotal reflects a projected labor cost of \$_____ based on
_____ weeks to complete this item depending on weather and other site conditions.

There are other costs that go into that subtotal, and they come to \$_____
(please provide an itemized overview of those below)

Please include any substitution requests or addenda relevant to the walking trail immediately after this page.

Please attach any additional information relevant to the walking trail immediately after any substitutions or addenda. For priority consideration, please include further unit pricing, information about product choice, and any other information that helps us determine how your proposal best fits our evaluation criteria.

Questions to Bidders

Below are a few questions. Answering them is optional. However, we'd love to get a sense of

1. What has been the most challenging project you have taken on in commercial construction? Please go into how you handled those challenges and why it was challenging.
2. What has been the most "outside the box" project you have taken on in commercial construction?
3. How would you rate you and your team's ability to handle the more creative parts of a project like this?
4. What is the most rewarding part about driving past or visiting a completed project and seeing it being used by the public?
